DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 3 July 2006 has been entered.

2. In response to the previous office action, Applicant has amended claims 1, 5, 17, 29, 42, and 43. Claims 6, 7, 17, 29, 42, and 43 have been further amended via Examiner's amendment. Claims 1-37 and 40-45 have been examined.

Drawings

3. The drawings were received on 3 July 2006. These drawings are acceptable.

Allowable Subject Matter

4. Claims 1-37 and 40-45 are allowed.

5. The following is an examiner's statement of reasons for allowance:

Each independent claim has been amended such that the network identity being used with the storage device and the processing unit. The previous cited art, U.S. Patent No. 6,260,111 to Craig et al. discloses only the user name and password as the network identity. The transmission of processor ID's over a network for identification purposes is well-known in the art, but no art could be found that would suggest the loading of the identity from a portable storage device used with that processor.

All other claims are allowable based upon their dependence upon an allowable base claim.

6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
